**Annual Community and Family Festival**  
**You are Invited: 18th Anniversary**  
**Complimentary Video Zoom for All**

**We're holding Hawaii Forgiveness Day for the 18th year in a row --  
this year in the Cloud!**

Each year in early August, we have walked the path of Forgiveness together -- through the State Capitol, several sites at University of Hawaii, many Schools, Churches and Community Centers.

***We like to shake things up every year.***

This year, **the global pandemic shakes everyone up**, giving us the opportunity to meet at home -- in our offices, schools, and opening up to many others around the country and the world.

Our intrepid Forgiveness Team has assembled a **luminous, peaceful program** of inspiration and perspective. A program of **respect and gratitude** for the life we are privileged to live in Hawaii Nei.

A vision of enduring life and transformation.

+ **Aaron Mahi**, one of our most beloved musical kupuna, will host, with his eternal sound of the Queen's Prayer, honoring Hawai'i's Queen, Lili'uokalani.

+ **Cheryl Flaharty**, profound artistic visionary from IONA, shares her original dance, "Passages into Tomorrow" -- created originally to help fathom the Hiroshima nuclear bombing, and resonating through today's global tragedies.

+ **Diane Fujio**, with A Forgiveness Prayer: moments of stillness, from the Master Sha Tao Center.

+ **Jerry Jampolsky and Diane Cirincione**, Two of the original creators of global Forgiveness, who have awarded so many Forgiveness Heroes, are now recognized themselves, as Hawaii Forgiveness Heroes.

+ **Haunani Apolonia**, emeritus Chair of the Office of Hawaiian Affairs, sings Alu Like.

+ **JoYi Rhyss** joins us, to tell her personal story of forgiveness beyond reason. A new Forgiveness Hero: overcoming of prejudice and tragedy, through mindfulness.

+ **The song, "Imagine"**, by John Lennon. Return to an eternal theme of Forgiveness Day -- with introduction by Yoko Ono contributed some years ago.
